Welcome to Eagle Ranch Resort

At Eagle Ranch Resort, each round begins with dramatic views of the Columbia Valley and the feeling that you've arrived somewhere extraordinary. The heart of the resort is Eagle Ranch's renowned par 72 Golf Course. With fairways tracing expansive valley views and greens set along rugged bluffs, every hole offers both challenge and inspiration.

Our 2027 Eagle Ranch membership offers six months of exceptional, unlimited golf, along with access to the complete Eagle Ranch experience, including Traders Lounge, Headwaters Lodge, Headwaters Private Residences, and our well-appointed Golf Shop. From early-morning tee times to sun-soaked summer evenings, this is where memorable seasons take shape. Your next great golf year begins here.

About our Course

Set within the sweeping expanse of the Columbia Valley, Eagle Ranch Resort features a spectacular 18-hole premiere course designed by renowned architect Bill Robinson. This par-72 layout delivers dramatic elevation shifts that create a lively round with constant variety. Elevated tees, downhill carries and uphill approaches demand thoughtful club selection as you navigate the 6,646-yard course. Each hole feels different from the first to the last, offering a true test of creativity and skill.

Located in the sunbelt of the Canadian Rockies, the resort enjoys mild temperatures that allow for an early start and extended finish to the golf season. Here, the game moves through open fairways and natural contours, shaped by the land rather than forced upon it. The pace is unhurried. The views are uninterrupted. Every hole invites both strategy and appreciation of the shot, the moment and the valley unfolding around you.

With a commitment to preserving its natural surroundings and offering a luxurious experience from start to finish, Eagle Ranch ensures every visit leaves you both pampered and invigorated.
